10A. Further Discussion on Temporary Specialty Stores.

Lippens briefly reviewed the changes he had made to the first draft based on the Commission's discussion on March 21st, including removing the 250 ft. buffer from residences or residential zoning. He noted he had included copies of the Hamburg Township and the City of Dexter regulations as had been suggested. He said it is desirable to get these revised regulations into place before summer to address fireworks sales.

- One of the ordinances requires a \$500 bond to insure site cleanup. In the absence of a such a bond, there was discussion of whether a statement such as "The site shall be returned to its previous condition" should be included, or whether cleanup would simply be the responsibility of the property owner.
- Fees are set by the Board, and the Board will be discussing all Township fees at a future meeting.

- Thirty days is a sufficient period for most sales, but 45 days may be needed for Christmas tree sales in some years and fireworks sales which typically start in June and run through the 4th of July.
- The intent is that the 30 day period includes all set up and clean up, and that consecutive 30 day sales periods will not be allowed.
- These sales are differentiated from sidewalk sales because they are not secondary to the operation of a principal store.

Lippens said he will have a revision ready for the next meeting.
