November 10, 2014

Board of Trustees Northfield Township 8350 Main Street Whitmore Lake, Michigan 48189

Dear Honorable Board of Trustees:

In planning and performing our audit of the financial statements of Northfield Township as of and for the year ended June 30, 2014, in accordance with auditing standards generally accepted in the United States of America, we considered Northfield Township's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified deficiencies in internal control that we consider to be material weaknesses:

A deficiency in internal control exists when the design or operation of control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the following deficiencies in Northfield Township's internal control to be material weaknesses.

1. Establish Control over the Financial Reporting Process

Management is responsible for establishing and maintaining internal controls, including monitoring, and for the fair presentation in the financial statements of financial position, results of operations, and cash flows, including the notes to financial statements, in conformity with U.S. generally accepted accounting principles.

At times, management may choose to outsource certain accounting functions due to cost or training considerations. Such accounting functions and service providers must be governed by the control policies and procedures of the Township. Management is as responsible for outsourced functions performed by a service provider as it would be if your personnel performed such functions. Specifically, management is responsible for management decisions and functions: for designating an individual with suitable skill, knowledge, or experience to oversee any outsourced services; and for evaluating the adequacy and results of those services and accepting responsibility for them.

As part of the audit, management requested us to prepare a draft of your financial statements, including the related notes to financial statements. Management reviewed, approved, and accepted responsibility for those financial statements prior to their issuance; however, management did not perform a detailed review of the financial statements. The absence of this control procedure is considered a material weakness because the potential exists that a material misstatement of the financial statements could occur and not be prevented or detected by the Company's internal control.

The existence of significant deficiencies or material weaknesses may already be known to management and may represent a conscious decision by management or those charged with governance to accept that degree of risk because of cost or other considerations. Management is responsible for making decisions concerning costs and the related benefits. We are responsible to communicate significant deficiencies and material weaknesses in accordance with professional standards regardless of management's decisions.

Response by Management

Management believes the perceived benefit of more control over the financial reporting process does not exceed the related cost. Therefore, management has chosen to continue to request the auditors to prepare the financial statements.

2. Segregate Accounting Duties

A good system of internal control provides for a proper segregation of the accounting functions. The Township does not have the proper segregation of duties over cash receipts and disbursements, accounts receivable, and accounts payable. Proper segregation is not always possible in a small organization, but limited segregation to the extent possible can and should be implemented to reduce the risk of errors or fraud. We recommend that management review the current assignment of accounting functions. Where possible, duties should be segregated to reduce the risk or errors or fraud.

Response by Management

Management has reviewed and continues to review the current assignment of accounting functions. Management believes that the cost of hiring of additional personnel will not substantiate the conceived benefits. However, management will continue to review methods of segregating duties without hiring additional personnel with the current staff.

The following are additional remarks which we do not consider to be material weaknesses but would like to discuss with the Board as part of our audit presentation.

- 1. The Township Board has adopted a fund balance policy and should designate funds accordingly.
- 2. All administrative charges between departments should be documented annually to determine the proper charges.
- 3. We recommend that receipting be done by the Treasurer at the Township hall. Currently monies are collected at the Senior Center.

Conclusion

Thank you for your assistance and hospitality toward our firm while conducting the audit of Northfield Township.

If you should have any questions, comments or concerns please do not hesitate to call us.

This communication is intended solely for the information and use of management, Township Board of Trustees, and others with the organization, and is not intended to be and should not be used by anyone other than the specified parties.

October 27, 2014

Board of Trustees Northfield Township 8350 Main Street Whitmore Lake, Michigan 48189

INDEPENDENT AUDITORS' REPORT

Honorable Board of Trustees:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Northfield Township as of and for the year ended June 30, 2014, which collectively comprise Northfield Township's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Northfield Township as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 9 -13 and 50 - 53 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Northfield Township's basic financial statements. The combining and individual nonmajor fund financial statements, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Pfeffer, Hanniford & Palka, P.C.

PFEFFER, HANNIFORD & PALKA Certified Public Accountants MANAGEMENT DISCUSSION AND ANALYSIS

Within this section of Northfield Township's annual financial report, the Township's management is providing a narrative discussion and analysis of the financial activities of the Township for the fiscal year ended June 30, 2014. This narrative discusses and analyzes the activity within the context of the accompanying financial statements and disclosures following this section. The discussion focuses on the Township's primary government and, unless otherwise noted, component units reported separately from the primary government are not included.

Overview of the Financial Statements

Management's Discussion and Analysis introduces the Township's basic financial statements. The basic financial statements include government-wide financial statements, fund financial statements, and notes to the financial statements. The Township also includes in this report additional information to supplement the basic financial statements.

Government-wide Financial Statements

The Township's annual reports include two government-wide financial statements. These statements provide both long-term and short-term information about the Township's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The first of these government-wide statements is the Statement of Net Position. This is the Township-wide statement of position presenting information that includes all the Township's assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Township as a whole is improving or deteriorating. Evaluation of the overall health of the Township may extend to various non-financial factors as well.

The second government-wide statement is the Statement of Activities which reports how the Township's net position changed during the current fiscal year. The design of this statement is to show the financial reliance of the Township's distinct activities or functions on the revenues generated by the Township.

Both government-wide financial statements distinguish governmental activities of the Township that are principally supported by taxes and revenue sharing from the business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include such activities as general government, public safety, and planning and zoning departments. Business-type activities include water & sewer system operations. Fiduciary activities such as tax collection are not included in the government-wide statements since these assets are not available to fund Township programs.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The Township uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the Township's most significant funds rather than the Township as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the combining statements later in this report as other supplementary information.

The Township has three kinds of funds:

Governmental funds are reported in the financial statements and encompass essentially the same functions as governmental activities in the government-wide financial statements except with a different focus on the financial activity. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of these resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term. Since the focus of the government-wide financial statements includes a long-term view, a reconciliation of these fund balances has been completed to detail its relation to net position.

Proprietary funds are reported in the fund financial statements and are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Fiduciary funds are reported in the fiduciary fund financial statements, but are excluded from the governmentwide statements. Fiduciary fund financial statements report resources that are not available to fund Township activities.

Notes to the financial statements

The accompanying notes to the financial statements provide information essential to a full understanding of both the government-wide and fund financial statements.

Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. Other supplementary information includes detail by fund for receivables, payables, transfers, and payments within the reporting entity.

Major funds are reported in the basic financial statements as discussed. Combining and individual statements and schedules for non-major funds are presented in a subsequent section of this report.

Financial Analysis of the Township as a Whole

The Township's net position at the end of the fiscal year was \$16,499,873. This is a \$901,921 increase over last year's net position of \$15,597,952. This increase is typical for the Township.

The following tables provide a summary of the Township's financial activities and changes in net position:

Summary of Changes in Net Position

Financial Analysis of the Township's Funds

The Township's General Fund had revenues over expenditures totaling \$152,624. This is primarily due to an increase in State Shared revenues and a new grant for \$232,326.

The other major governmental funds of the Township are the Law Enforcement and Fire Fund. The expenditures exceeded revenues for the Fire Fund in the amount of \$6,688 which is about the same as last year.

The Law Enforcement Fund had revenues over expenditures of \$66,428 which is relatively close to last year.

The Township's sole proprietary fund, the Sewage Disposal System Fund, reported net loss of \$60,488. The decrease is due to an unrealized investment loss.

General Fund Budgetary Highlights

The General Fund adopted its budget prior to the fiscal year in accordance with Public Act 493 of 2000. Total actual expenditures were less than budgeted appropriations by \$24,889. The budget was amended during the year to account for immaterial amounts in order to bring it closer to economic reality.

Capital Asset and Debt Administration

The governmental funds purchased \$364,165 of capital assets. Acquisitions included two new public safety vehicles and project costs incurred on the non-motorized path.

The Township made debt payments of \$485,293 during the year making the total outstanding of \$4,131,609.

Economic Conditions and Future Activities

After several years of decreases in State Shared Revenues due to a decline in Michigan's economy, the Township continues to see an increase every year.

Management is hopeful taxable values continue to increase as they did this year with an increase of 2%.

The Township is in the process of fulfilling the State of Michigan Department of Treasury requirements of CVTRS (City, Village and Township Revenue Sharing) in order to receive those payments from the State of Michigan.

Contacting the Township's Financial Management

This report is designed to provide a general overview of the Township's financial position and comply with finance-related regulations. If you have any further questions about this report or request additional information please contact Northfield Township at 8350 Main Street, Whitmore Lake, MI 48189.

NOTES TO FINANCIAL STATEMENTS

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the Township relating to the funds and account groups included in the accompanying combined financial statements conform to generally accepted accounting principles applicable to state and local governments. The more significant accounting policies of the Township are described below.

A. BASIC FINANCIAL STATEMENTS

In accordance with GASB Statement No. 34 & 63 - *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments,* the basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (Statement of Net Position and Statement of Activities) report on the Township as a whole, excluding fiduciary activities. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All activities, both governmental and business-type, are reported in the government-wide financial statements using the economic resources measurement focus and the accrual basis of accounting, which includes long-term assets and receivables as well as long-term debt and obligations. The government-wide financial statements focus more on the sustainability of the Township as an entity and the change in aggregate financial position resulting from the activities of the fiscal period.

Generally, the effect of interfund activity has been removed from the government-wide financial statements. Net interfund activity and balances between governmental activities and business-type activities are shown in the government-wide financial statements.

The government-wide Statement of Net Position reports all financial and capital resources of the Township (excluding fiduciary funds). It is displayed in a format of assets less liabilities equals net position, with the assets and liabilities shown in order of their relative liquidity. Net position is required to be displayed in three components: 1) invested in capital assets, net of related debt, 2) restricted, and 3) unrestricted. Invested in capital assets, net of related debt, 2) restricted, and reduced by outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Restricted net positions are those with constraints placed on their use by either: 1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations or other governments, or 2) imposed by law through constitutional provisions or enabling legislation. All net positions not otherwise classified as restricted, are shown as unrestricted. Generally the Township would first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

The Government-Wide Statement of Activities demonstrates the degree to which both direct and indirect expenses of the various functions and programs of the Township are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or identifiable activity. Indirect expenses for administrative overhead are allocated among the functions and activities using a full cost allocation approach and are presented separately to enhance comparability of direct expenses between governments that allocate direct expenses and those that do not. Interest on general long-term debt is not allocated to the various functions. Program revenues include: 1) charges to customers or users who purchase, use or directly benefit from goods, services or privileges provided by a particular function or program and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or program. Taxes, unrestricted investment income and other revenues not identifiable with particular functions or programs are included as general revenues. The general revenues support the net costs of the functions and programs not covered by program revenues.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Also, part of the basic financial statements are fund financial statements for governmental funds and proprietary funds. The focus of the fund financial statements is on major funds, as defined by GASB Statement No. 34. Although this reporting model sets forth minimum criteria for determination of major funds (a percentage of assets, liabilities, revenues, or expenditures/expenses of fund category and of the governmental and enterprise funds combined), it also gives governments the option of displaying other funds as major funds. Other non-major funds are combined in a single column on the fund financial statements.

The Township reports the following major governmental funds:

The General Fund is the Township's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Law Enforcement Fund accounts for all the activity associated with providing police protection services. This fund is primarily supported through the collection of property taxes.

The Fire Fund accounts for all the activity associated with providing fire and medical rescue services. This fund is primarily supported through the collection of property taxes.

The Township reports the following major enterprise fund:

The Sewage Disposal System Fund accounts for all the activity associated with the operations and maintenance of a sewage treatment system.

B. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The governmental fund financial statements are prepared on a current financial resources measurement focus and modified accrual basis of accounting. To conform to the modified accrual basis of accounting, certain modifications must be made to the accrual method. These modifications are outlined below:

- A. Revenue is recorded when it becomes both measurable and available (received within 60 days after year-end). Revenue considered susceptible to accrual includes: property taxes, sales and use taxes, transient occupancy taxes, licenses, fees and permits, intergovernmental revenues, charges for services, fines, forfeits and penalties, and interest.
- B. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general longterm debt are recorded as fund liabilities when due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year.
- C. Disbursements for the purchase of capital assets providing future benefits are considered expenditures. Bond proceeds are reported as another financing source. The former being a decrease in fund balances and the later being an increase in fund balances.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

With this measurement focus, operating statements present increases and decreases in net current assets and unreserved fund balance as a measure of available resources.

This is the traditional basis of accounting for governmental funds and also is the manner in which these funds are normally budgeted. This presentation is deemed most appropriate to: 1) demonstrate legal and covenant compliance, 2) demonstrate the sources and uses of liquid resources, and 3) demonstrate how the Township's actual revenues and expenditures conform to the annual budget. Since the governmental funds financial statements are presented on a different basis than the governmental activities column of the government-wide financial statements, reconciliation is provided immediately following each fund statement. These reconciliations briefly explain the adjustments necessary to transform the fund financial statements into the governmental activities column of the government-wide financial statement-wide financial statements.

The proprietary funds financial statements are prepared on the same basis (economic resources measurement focus and accrual basis of accounting) as the government-wide financial statements. Therefore, most lines for the total proprietary funds on the proprietary funds financial statements will directly reconcile to the business-type activities column on the government-wide financial statements. Because the proprietary funds are combined into a single business-type activities column on the government-wide financial statement-wide financial statements, certain interfund activities between these funds are eliminated in the consolidation for the government-wide financial statements, but are included in the fund columns in the proprietary funds financial statements.

Proprietary funds account for operations where the intent of the Township is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. Under GASB Statement No. 34, proprietary funds are also required for any activity whose principal revenue sources meet any of the following criteria: 1) any activity that has issued debt backed solely by the fees and charges of the activity, 2) if the cost of providing services for any activity, including capital costs such as depreciation or debt service, must legally be recovered through fees and charges of the activity, or 3) it is the policy of the Township to establish activity fees or charges to recover the cost of providing services, including capital costs.

On the proprietary funds financial statements, operating revenues are those that flow directly from the operations of the activity, i.e. charges to customers or users who purchase or use the goods or services of that activity. Operating expenses are those that are incurred to provide those goods or services. Non-operating revenues and expenses are items such as investment income and interest expense that are not a result of the direct operations of the activity.

Fiduciary funds account for assets held by the Township in a trustee or agency capacity on behalf of others and, therefore, are not available to support Township programs. Fiduciary funds are not included in the government-wide financial statements as they are not an asset of the Township available to support Township programs. The Township currently maintains two agency funds. One accounts for the collection and disbursement of property taxes and the other accounts for monies held in escrow for certain development projects.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

C. CAPITAL ASSETS

Under GASB Statement No. 34, all capital assets, whether owned by governmental activities or business-type activities are recorded and depreciated in the government-wide financial statements. No long-term capital assets or depreciation are shown in the governmental fund financial statements.

Capital assets, including public domain infrastructure (e.g., roads, bridges, sidewalks and other assets that are immovable and of value only to the Township) are defined as assets with an initial, individual cost of more than \$5,000 and an estimated useful life greater than one year. Capital assets are recorded at cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at the estimated fair market value at the date of donation. Real property is considered a capital asset regardless of initial cost.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major improvements are capitalized and depreciated over the remaining useful lives of the related capital assets.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Buildings, structures and improvements	5 to 50 years
Utility plant	5 to 50 years
Machinery and equipment	2 to 40 years
Infrastructure	25 to 75 years

Capital assets transferred between funds are transferred at their net book value (cost less accumulated depreciation), as of the date of the transfer.

D. ACCRUED COMPENSATED ABSENCES

The Township has recorded a liability for compensated absences. The policies regarding compensated absences are outlined in the Township's "Rules of Employment".

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

E. BUDGETARY DATA

The board of trustees follows the procedures as outlined in the Uniform Budgeting Manual for Local Units of Government in Michigan in the establishment of the various annual budgets.

The supervisor prepares the annual budgets through information received by the clerk. The proposed budget is then submitted for discussion and approved by the entire Township board. The budget is approved by activity rather than line item. If and when it becomes necessary to amend certain amounts in the budget, a proposal outlining the desired changes is made to and approved by the Township board at any of their regular meetings. Budget appropriations made, but not expended by year end, will lapse with the fiscal year end.

For the year ended June 30, 2014, expenditures exceeded appropriations in several functional activities.

F. PROPERTY TAXES

Property tax revenues are recognized in the fiscal year for which the taxes are levied. Property taxes are levied on December 1 each year. These taxes become liens on the property at that date. These taxes are due on February 14, with the final collection date of February 28. The delinquent real property taxes of Northfield Township are purchased by Washtenaw County. The county sold tax notes, the proceeds of which will be used to pay the Township for these property taxes. The 2013 adjusted taxable value of the Township totaled \$316,353,872. The Township levied the following millages during the current fiscal year ended June 30, 2014:

General Township	.7997
Fire	1.9240
Police	4.3022
Public safety building	.9010
Total millage	<u>7.9269</u>

G. OTHER FINANCING SOURCES (USES)

The transfers of cash between the various funds are budgeted but reported separate from revenues and expenditures as transfers in or (out) unless they represent temporary advances that are to be repaid, in which case they are carried as assets or liabilities of the advancing or borrowing fund.

H. INVESTMENTS

Investments are stated at market value.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

I. CASH AND CASH EQUIVALENTS

For purposes of the statement of cash flows, demand deposits and short-term investments with a maturity date of three months or less when acquired are considered to be cash equivalents.

J. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

K. RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disaster. The Township maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Township. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

L. <u>RECEIVABLES</u>

When necessary the Township utilizes an allowance for uncollectable accounts to value its receivables. The Township considers all of its trade and special assessment receivables to be collectable.

M. <u>EQUITY</u>

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable, restricted, committed, assigned, or unassigned. Nonspendable fund balance cannot be spent because of its form. Restricted fund balance has limitations imposed by creditors, grantors, or contributors or by enabling legislation or constitutional provisions. Committed fund balance is a limitation imposed by the Township Board through approval of resolutions. Assigned fund balances is a limitation imposed by a designee of the Township Board. Unassigned fund balance in the General Fund is the net resources in excess of what can be properly classified in one of the above four categories. Negative unassigned fund balance in other governmental funds represents excess expenditures incurred over the amounts restricted, committed, or assigned to those purposes. Proprietary fund equity is classified the same as in the government-wide statements.

When both restricted and unrestricted fund balances are available for use, it is the Township policy to use restricted fund balance first, then unrestricted fund balance. Furthermore, committed fund balances are reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications can be used.

For the government-wide financial statements, net position is reported as restricted when constraints placed on net positions are either: (1) Externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

N. DEFERRED OUTFLOWS OF RESOURCES

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. The separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until that time.

O. DEFERRED INFLOWS OF RESOURCES

In addition to liabilities, the statement of net position and governmental funds balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has no items that qualify at this time.

NOTE 2 - DESCRIPTION OF REPORTING ENTITY

In accordance with the provisions of the Governmental Accounting Standards Board (GASB) Statement No. 39, certain other governmental organizations are considered to be part of the reporting entity for financial statement purposes.

The criteria established by GASB Statement No. 39 for various governmental organizations to be included in the reporting entity's financial statements include accountability, control, and significant financial relationships.

The accompanying financial statements of Northfield Township as of June 30, 2014, include any and all boards, agencies, funds and account groups under the jurisdiction of the Northfield Township Board.

NOTE 3 - LAND CONTRACT RECEIVABLE - NORTHFIELD TOWNSHIP AREA LIBRARY

On May 15, 1989, the Township entered into a land contract with the Northfield Township Library Board for the purchase of property commonly known as the "Dodge House". This transaction, which represents monies expended from the Northfield Township general fund, was in the original amount of \$112,500, and is to be amortized over thirty-five (35) years, without interest. Annual installments of \$3,215 started on February 22, 1993. The total outstanding balance at June 30, 2014 was \$41,785.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 4 - CAPITAL ASSETS

Capital asset activity for the governmental and business-type activities for the year ended June 30, 2014 was as follows:

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 5 - LONG-TERM OBLIGATIONS

The following is a summary of the Township's governmental activity long-term debt:

Capital Leases

 On September 26, 2005 the Township entered into a lease agreement with Kansas State Bank of Manhattan to purchase two (2) fire trucks and refinance of a medical rescue truck. The Township is required to make annual payments in arrears of \$13,575 for the first three years and \$48,109 for the remaining seven years. At the end of the lease term title to all leased assets passes to the Township. Interest of 4.85% is being charged on the lease. The lease is scheduled to expire on October 1, 2015. The outstanding principal balance was \$89,631 at June 30, 2014.

Bonds Payable

- General Obligation Unlimited Tax Refunding bonds were issued on July 30, 2012 for \$2,415,000 to refund the 2001 bonds related to the financing of the public safety building. Principal payments range from \$215,000 to \$260,000 due annually in April and maturing on April 2022. Interest is charged at 2.35%, payable semi-annually. The outstanding balance of the bonds at June 30, 2014 was \$1,965,000.
- 2. General Obligation Limited Tax Refunding bonds were issued on July 30, 2012 for \$2,930,000 to refund the 2002 and 2003 bonds related to the financing of the public safety building as well as the Seven Mile sewer project. Principal payments range from \$223,000 to \$280,000 due annually in April and maturing on April 2023. Interest is charged at 2.35%, payable semi-annually. The governmental fund outstanding balance of the bonds at June 30, 2014 was \$2,076,978.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 5 - LONG-TERM OBLIGATIONS - continued

The following is a schedule of changes in the long-term obligations of governmental activities:

	Balance 7/1/2013	Additions	Payments	Balance 6/30/2014	Amount Due Within One Year

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 5 - LONG TERM OBLIGATIONS - continued

The following is a summary of bonds payable debt for the business-type activities:

- Loan payable to Michigan Municipal Bond Authority to finance the refunding bonds for the 1992 junior lien bonds originally issued in 1992. A net present value savings of \$84,344 was created by issuing these refunding bonds due to decline in interest rates. Principal payable in annual installments ranging from \$30,000 to \$45,000 starting April 2006, and maturing on April 2022. Interest is paid semi-annually charged at 2.0% to 4.5%. Outstanding balance of the bonds was \$340,000 at June 30, 2014.
- 2. Loan payable to Washtenaw County to finance the refunding bonds for the various expansion project bonds. A net present value savings of \$243,781 was created by issuing these refunding bonds due to decline in interest rates. Principal payable in annual installments ranging from \$485,000 to \$555,000 starting May 2008, and maturing on May 2017. Interest is paid semi-annually charged at 4.25%. Outstanding balance of the bonds was \$1,490,000 at June 30, 2014.
- 3. General Obligation Limited Tax Refunding bonds were issued on July 30, 2012 for \$2,930,000 to refund the 2002 and 2003 bonds related to the financing of the Public Safety Building as well as the Seven Mile Sewer Project. Principal payments range from \$223,000 to \$280,000 due annually in April and maturing on April 2023. Interest is charged at 2.35%, payable semi-annually. The business-type fund outstanding balance portion of the bonds at June 30, 2014 was \$383,022.

Amount Due

Bonds Payable	Balance 7/1/2013	Additions	Deletions	Balance 6/30/2014	Within One Year

Totals	\$	2,213,022		\$	240,726		\$	2,453,748

NOTE 6 - DEFINED CONTRIBUTION PENSION PLAN

The Township participates in a defined contribution plan for full-time employees and is a fully insured plan funded by both employer (2/3) and employee (1/3) contributions. Under the plan the employee is allowed to contribute pre-tax dollars up to 10% of their annual compensation. All participants are vested 100% immediately. The Northfield Township Area Library participates with the Township in this plan and is included in all subsequent data regarding the plan.

A participant includes all full-time employees as of the beginning of the anniversary date or June 1st of each year. The annual contributions are based on the following formula:

Employer contributes	10% of wages
Employee contributes	<u>5%</u> of wages
Annual contribution	
to pension plan	<u>15%</u> of wages

The plan name is "Group Pension Plan" #GN 53402 through John Hancock Financial. A summary of the plan's activity for the period July 1, 2013 to June 30, 2014, is as follows:

Current year contributions	
Township portion	\$ 68 <i>,</i> 978
Employee portion	 34,663
Total contributions	\$ 103,641

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 7 - DEFINED BENEFIT PLAN - MICHIGAN MUNICIPAL EMPLOYEES RETIREMENT SYSTEM (MERS)

Plan Description

The Township Police Department participates in the Michigan Municipal Employees' Retirement System (MMERS), an agent multiple-employer defined benefit pension plan that covers all full time officers and supervisors of the Township. MMERS provides retirement benefits to plan members and their beneficiaries. The Michigan Municipal Employees' Retirement System issues a publicly available financial report that includes financial statements and required supplemental information. That report may be obtained by writing the system at 1134 Municipal Way, Lansing, Michigan 48917 or going to the system website at http://www.mersofmich.com.

Funding Policy

Full time covered employees are required to contribute 5% of their annual covered salaries and wages. The Township is required to contribute at an actuarially determined rate; which was at 9.95% for the year ended June 30, 2014. Effective July 1, 2015 the actuarially determined rate was 9.95%. The contribution requirements of the Township are determined through annual actuarial valuations.

Annual Pension Cost

The Township's annual pension cost (APC) is calculated based on the annual required contribution (ARC). The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and to amortize any unfunded actuarial liabilities (or funding excesses) over a period not to exceed thirty years. The following table shows the components of the Township's annual pension cost for the year, the amount actually contributed to the plan, and changes in the Township's net pension obligation (asset) to the MMERS plan:

Annual required contribution	\$	58,308	
Interest on net pension obligation		-	
Adjustment to annual required contribution		_	
Annual pension cost (APC)		58,308	
Total contributions made	(1	L,354,184)	
(Decrease) in net pension obligation	(1	L,295,776)	
Net pension obligation, July 1, 2013	1,300,556		
Net pension obligation, June 30, 2014	\$	4,780	

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 7 - DEFINED BENEFIT PLAN - MICHIGAN MUNICIPAL EMPLOYEES RETIREMENT SYSTEM (MERS) - continued

Three Year Trend Information

		Percentage of	Net Pension
Fiscal Year	Annual Pension	APC	Obligation
 Ending	Cost (APC)	Contributed	(Asset)
06/30/12	50,836	100.0%	-
06/30/13	48,369	100.0%	-
06/30/14	58,308	100.0%	4,780

The annual required contribution was determined as part of an actuarial valuation at December 31, 2012 using the entry age normal actuarial method.

Significant actuarial assumptions used include:

- a) An 8.0% return on investment
- **b)** Projected salary increases of 4.5% per year compounded annually
- c) An inflation component of 4.5%
- **d)** Increase in average compensation for years just before retirement would not vary from those in prior years due to FAC loading.
- e) The percentage of active members withdrawing from the plan ranges from 20% to 2.4% on a sliding scale between 0 and 34 years of service
- f) An assumption that benefits will not increase after retirement

The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility over a ten-year period. The unfunded actuarial liability is being amortized using a level dollar method on an open basis over 30 years.

Funded Status and Funding Progress

As of December 31, 2013, the most recent actuarial valuation date, the plan was 100% funded. The actuarial accrued liability for benefits was \$1,300,556, and the actuarial value of assets was \$1,295,876, resulting in an underfunded actuarial accrued liability of \$4,680. The covered payroll (annual payroll of active employees covered by the plan) was \$583,084, and the ratio of the UAAL to covered payroll was 1.0%.

The schedule of funding progress, presented as required supplemental information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 8 - INTERFUND RECEIVABLE AND PAYABLE BALANCES AND TRANSFERS

Interfund receivables and payables exist at June 30, 2014. These represent short-term borrowings and amounts owed for reimbursements between other funds.

The following is a summary of the outstanding borrowings between the various funds of the Township:

	 terfund ceivable		terfund ayable
General Fund	\$ 53	Current Tax Collection Fund	\$ 53
General Fund	12	Payroll Fund	12
General Fund	12	Trust and Agency Fund	12
Federal Narcotics Fund	35,000	Law Enforcement Fund	35,000
Trust and Agency Fund	 5,500	General Fund	 5,500
Total interfund balances	\$ 40,577		\$ 40,577

Interfund transfers for the year ended June 30, 2014 were as follows:

Transfer In	Transfer Out	Purpose	A	mount
General Fund Law Enforcement Fund Fire Fund Fire Fund	DDA Fund Federal Narcotics Fund General fund Law Enforcement Fund	Pay operating expenditures Pay operating expenditures Pay operating expenditures Pay operating expenditures	\$	22,790 35,000 32,866 7,867
			\$	98,523

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 9 - DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

Michigan Compiled Laws, Section 129.91, (Public Act 20 of 1943, as amended) authorizes the Township to make deposits and invest in the accounts of federally insured banks, credit union, and savings and loan associations; bonds, securities and other direct obligations of the United States, or any agency or instrumentality of the United States; United States government or Federal Agency obligation repurchase agreements; bankers acceptance of United States banks, commercial paper rated by two standard rating agencies within the two highest classifications, which mature not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions which are rated investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan. Financial institutions eligible for deposit of public funds must maintain an office in Michigan. The Township's deposits are in accordance with statutory authority.

As of June 30, 2014 deposits and investments consist of the following:

Cash and cash equivalents:	
Checking accounts	\$ 3,497,565
Money market accounts	 2,058,578
Total cash and investments	 5,556,143
Investments	
Negotiable certificates of deposit	283,764
U.S. Governmental securities	 35,030
Total investments	 318,794
Total cash, cash equivalents and investments	\$ 5,874,937

Cash and investments are presented in the financial statements in the following areas:

Statement of Net Position:	
Cash, cash equivalents and investments	\$ 3,189,571
Restricted cash, cash equivalents and investments	 1,888,682
Total	5,078,253
Fiduciary Funds	
Cash and cash equivalents	 94,526
Total cash, cash equivalents and investments	\$ 5,172,779

The carrying amount of cash, cash equivalents and investments is stated at \$5,172,779 as of June 30, 2014. The difference between the carrying amounts and the amounts mentioned above stem from cash on hand of \$600, outstanding checks and deposits.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 9 - DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS - continued

Custodial Credit Risk

Deposits - This is the risk that in the event of a bank failure, the Township will not be able to recover its deposits. The Township does not have a deposit policy for custodial credit risk. The Township evaluates each financial institution with which it deposits funds and assesses the level of risk of each institution; only those institutions with an acceptable estimated risk level are used as depositories.

Insured by FDIC	\$ 750,000
Uninsured and uncollateralized	 4,806,142
Total	\$ 5,556,142

Investments - This is the risk that in the event of the failure of a counterparty to a transaction, the Township will not be able to recover the value of its investments. The Township does not have a policy to cover custodial credit risk of investments. The Township evaluates each financial institution with which it invests and assesses the level of risk of each institution. Investments are made only with those institutions with an acceptable estimated risk level.

As of June 30, 2014, the Township's investments were exposed to custodial credit risk as follows:

Insured by FDIC	\$ 283,764
Insured by SIPC	 35,030
Total	\$ 318,794

FDIC insurance covers up to \$250,000 for the combined amount of all time and savings accounts (including NOW accounts), and up to \$250,000 for the combined amount of all demand deposit accounts.

SIPC protects up to \$500,000 of cash and securities held by a brokerage firm in the event the brokerage firm goes out of business. There is a \$250,000 limit for cash.

Concentration of Credit Risk

Concentration of credit risk is the risk attributed to the magnitude of the Township's investment in a single issuer. The Township's investment policy requires diversification with a primary focus on safety. However, the policy does not place a fixed percentage limit for any one issuer, investments in any one issuer that represent 5 percent or more of total investments are:

Investment Type	lssuer	Percent of Portfolio
US Agencies	Federal Farm Credit Bank	11%
Negotiable CD	Wells Fargo Bank	78%
Negotiable CD	Standard Federal Bank	11%

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 9- DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS - continued

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates and could possibly adversely affect the fair values of investments and cash deposits. The Township's investment policy does not specifically limit investment maturities that would help manage its exposure to fair value losses from increasing interest rates.

As of June 30, 2014 the Township had the following investment maturities:

			Inve	stment	t Maturities	(In Ye	ars)	
Investment Type		Value	Less than 1	1 - 5			6 - 10	
U.S. Agencies (Callable 8/5/14) Negotiable CD's	\$	35,030 283,764	\$	\$	35,030 36,122	\$	247,642	
	\$	318,794	\$	\$	71,152	\$	247,642	

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Township investment policy limits investments to those authorized by Public Act 20 of 1943. Commercial paper must be rated within the two (2) highest classifications established by not less than two (2) standard ratings services. Ratings are not required for U.S. Treasuries and money market accounts. As of June 30, 2014, the Township's investments were exposed to credit risk as follows:

Investment Type	Rating by S & P	 Amount
Negotiable Certificates of Deposit	Unrated	\$ 283,764
Government Securities	AA+	 35,030
		\$ 318,794

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2014

NOTE 10 - STATEMENT OF CASH FLOWS

Pursuant to the Governmental Accounting Standards Board (GASB) statement number 9, a statement of cash flows is presented. The purpose of the statement of cash flows is to explain the change in cash and cash equivalents during the year. Cash equivalents are defined as short-term, highly liquid investments with original maturities of three months or less. The direct method was utilized to represent cash flows from operations. The following is a schedule to reconcile cash and cash equivalents per the Statement of Cash Flows to cash, cash equivalents, and investments per the Statement of Net Position:

	6/30/2014
Cash and cash equivalents Investments	\$ 1,942,343 280,079
	\$ 2,222,422

NOTE 11 - GRANT ACTIVITIES

The Township has been a recipient of several grant funds for law enforcement, medical rescue, and recreation activities. These funds are subject to federal and state grant audit requirements.

NOTE 12 - ASSETS RESTRICTED FOR CAPITAL AND DEBT

Restricted assets in the Sewage Disposal System Fund as of June 30, 2014 consisted of the following:

	Sewage Disposal System Fund
Cash, cash equivalents and investments Special assessment receivables	\$ 1,888,682 989,628
Total	\$ 2,878,310
